PeaceQuest Art Challenge for Greater Lansing Children

August 20, 2020

Does your child like art? Do you want them to reflect on important topics? We have the perfect opportunity for you: PeaceQuest Art Challenge is inviting children to create original art about the human impact on the environment and the climate crisis. Elementary (K-4), middle (5-8), and high (9-12) schoolers all have their separate contests and awards. The awards range from \$100 for the high school first place winner to \$10 for honorable mentions for elementary schoolers. Due to the pandemic, the contest submission, the exhibits and the award ceremony all will be done virtually. To access the details for each contest, go to <https://peacequestgreaterlansing.org/art-contest/> and click the right link for your child.

[PeaceQuest](#) is the community-wide, month-long celebration of the United Nations International Day of Peace every September in the Greater Lansing Area. PeaceQuest brings us all together for fun and interesting activities with friends, family, and community while focusing on ways we can promote peace, resolve conflicts, learn about other faiths and cultures, and encourage mutual understanding. It is a truly collaborative effort of many local organizations, including Greater Lansing United Nations Association, Intercultural Association of Michigan, Okemos Community Church, Peace Education Center, Presbyterian Church of Okemos, Red Cedar Friends and St. Vincent Catholic Charities Refugee Services.

Find Your Family FUN! Never miss a local event, activity, parenting resource, giveaway and more!
